CHARTERED ACCOUNTANTS ACADEMY

CAA unveils a new brand: TAS

CHARTERED Accountants Academy (CAA) the premier training institution for aspiring chartered accountants has launched a new company Training and Advisory Services (TAS).

From its inception in 2011, CAA has nurtured over 1000 chartered accountants, however, has realised that even after someone has qualified there is need for continuous learning and development.

TAS has been launched to focus on the training and capacity needs of professionals in industry and commerce.

Before the unbundling TAS has operated as a department within CAA but now will be a separate company.

The decision to operate as a separate entity was reached for focus on servicing its market better and to build a lasting brand in training and advisory.

TAS is positioned to be a leading training and advisory services company whose main thrust is the provision of expert technical training and advisory services to corporates primarily in all International Financial Reporting Standards (IFRS) and International Public-Sector Accounting Standards (IPSAS) in Zimbabwe and beyond.

We achieve this through the provision of world class continuous professional development training to finance professionals.

We also offer value-adding technical advisory and consultancy services to both private and public-sector entities in audit, tax and training competency models.

IFRS & IPSAS services training

We offer continuous professional development in both IFRS and IPSAS to accounting professionals in both private and public corporate entities.

Our expert team keep abreast of developments and changes in standards as well as the implications thereof in various sectors of the economy due to continuous research and study.

We have a team of chartered accountants dedicated to developing material for training and articles that are highly informative and educational.

- The areas of training include the following:
- Training on new standards.
 - Training on complex standards.
 - Refresher courses.
 - Training on guidelines in new standards implementation.

Advisory

TAS offers technical consultation and advice on all IFRS and IPSAS related issues for both private and public corporate entities.

Our service quality is excellent and it is driven by a passion for provision of solutions to our clients and forging long term mutually beneficial business relationships.

The areas of consultancy include the following:

- Advice on complex transactions.
- Guidance on IFRS and IPSAS implementation.
- Review of financial statements for compliance with IFRS and IPSAS.

NB: TAS training and advisory compliments the efforts of the sitting auditors by providing an independent and expert services which a sitting auditor cannot provide due to self-re-

view and conflict.

Short courses

TAS offers short courses on online platform where participants study at their own pace. We understand that the bulk of our clients are busy people and they may not find time to attend our trainings which may take between 1 and 3 days.

We are bringing convenience for continuous professional development to our clients at their own convenient time and pace.

The platform allows participants to access training material, to take assessments and lastly to make payments online using either Visa card, MasterCard or Eco cash.

Short courses are offered in the following areas;

IFRS courses — Covers

- IFRS Fundamentals
- IFRS Intermediate
- IFRS Expert Course

IPSAS training — Covers

- IPSAS Fundamentals
- IPSAS Intermediate
- IPSAS Expert Course
- IPSAS Cash Basis
- Public Financial Management
- ICAZ Competency Training Model

Expert team

We boast of a highly experienced and expert team of Chartered Accountants dedicated to researching and understanding IFRS and IPSAS with the view of helping corporates to report better through compliance with these international standards.

Our expertise and methodologies have been developed to bring out the following strong credentials to demonstrate that we are best positioned to partner you based on your requirements:

Profile

We are a wholly indigenous training and advisory institution which was established to meet a critical need in the training of accountants, finance professionals and non-accounting personnel and providing accounting related advisory services in Zimbabwe and the region.

Experienced team

We have the best team with experience to deliver on your expectations and work well with your team.

Currently we have an expert team of six chartered accountants as part of our team dedicated to ensuring your needs are satisfied.

Market leading approach

We will provide you with a coordinated, consistent, high quality service and support.

We have the skills, knowledge and credentials to provide a "Solid Ground" for you to continue strengthening your brand.

Please contact us and we look forward to establishing a permanent and mutually rewarding business relationship with you: Second Floor Strachan's House, 66 Nelson Mandela Avenue, Harare
